

Dear Judge Kays

My name is Robert Joseph Olvera, I am writing you regarding my sentencing date, your honor I am being held in CCA Leavenworth Kansas, and my only way of communicating with my lawyer is through phone calls, mail, or visits from him.

Your honor my lawyer Mark Thomason is a very busy man, and I would like to communicate with him more. Is there any way that the government could pay my lawyer more, so that he can meet with me more often.

Your honor two years of incarceration awaiting what my future holds is frustrating enough, and not knowing what others in my case are doing, and wondering why I have not been sentenced yet, I am writing you in behalf of myself and for an answer to my question, can I get an early sentencing date?

Sincerely

Robert Joseph Olvera
