This letter is on behalf of my son Bruce Bisk.

Bruce was raised with lots of love. He comes from a good and loving family. We have a pretty big family in all.

Bruce got with some wrong people and made some very poor choices.

He served his time for state charges. He was out and on parole. He had a steady job - house and car. Was doing well working good and keeping a home. Then the surprise of federal charges came down on him. He was arrested when he went to see his parole officer. After that he just gave up on everything. Most of all himself!!

He thought he had done his time and was doing the right things for his life. He felt ~~some~~ somewhere he had been misled by the state.

He knows he made some horrible mistakes. He knows has hurt his family and himself. I'm sure he thinks about it everyday and is sorry. I am willing to do what ever it takes to help get his life back on track.

I have a good home for him and would love for him to be in it.

No one knew there would be any federal charges come about. A huge surprise for all of us. My son is not a horrible person but one who made wrong friends and very bad choices. I believe he can and will be a productive citizen in the future.

Thank You

Philip Bish
