

defect rendering him mentally incompetent to the extent that he is unable to understand the nature and consequences of the proceedings against him or to assist properly in his defense. I further believe that prior to conducting a hearing in respect to defendant's mental competency to stand trial, defendant should undergo a psychological examination.

Therefore, it is

ORDERED that defendant be committed to a United States Medical Center for Federal Prisoners or other appropriate facility, pursuant to 18 U.S.C. § 4247(b), to undergo a psychological examination, pursuant to 18 U.S.C. § 4241(b), to be conducted by a licensed or certified psychologist employed by that institution to determine whether defendant is presently suffering from a mental disease or defect rendering him mentally incompetent to the extent that he is unable to understand the nature and consequences of the proceedings against him or to assist properly in his defense. It is further

ORDERED that the commitment to the United States Medical Center for Federal Prisoners or other appropriate facility shall not exceed 30 days unless that time is extended for an additional period of time not to exceed 15 days upon a showing of good cause that the additional time is necessary to observe and evaluate defendant. It is further

ORDERED that, upon completion of the examination, the examining psychologist prepare and file a report in accordance with the provisions of 18 U.S.C. §§ 4247(b) and (c). It is further

ORDERED that the United States Marshal for the Western District of Missouri forthwith transport defendant to a United States Medical Center for Federal Prisoners or other appropriate facility. It is further

ORDERED that, upon completion of the examination, defendant shall promptly be returned before the court for a hearing to determine whether or not he is presently suffering from a mental disease or defect which renders him mentally incompetent to the extent that he is unable to understand the nature and consequences of the proceedings against him or to assist properly in his defense. It is further

ORDERED that the United States Marshal notify me promptly upon completion of defendant's examination. It is further

ORDERED that the United States Pretrial Services Office for the Western District of Missouri (1) obtain a copy of the complaint, affidavit, and indictment; (2) obtain a copy of defendant's medical records; and (3) provide the complaint, affidavit, indictment, and the medical records to the Medical Center for use in conducting the psychological examination.

It is further

ORDERED that the examining psychologist contact Pretrial Services at (816) 512-1450 to provide an address or fax number where defendant's medical records can be sent.
