

To the Honorable Judge Larson  
Case #10-00162-15-CR-W-FJG

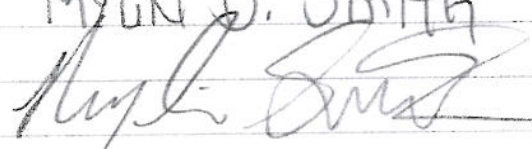

I'm writing this letter regarding my legal counsel. I would like to fire my advocate for the reasons being. Lack of trust, he has been misleading on several occasions. I've asked him questions on different occasions and he gave me different answers. He's made it quite obvious he has not studied the details and facts regarding my case and it's been 9 months.

He makes it impossible for us to work together when he quickly dismisses any idea I suggest. It's frustrating to me when I ask him to do simple things for me and he makes it difficult, like I asked him to send me some case laws pertaining to my case on different occasions, and he produced the exact same case laws like he doesn't want me to get any ideas about going to trial or he thinks I'm an imbecile.

When we have discussions in regard to my case, he thinks like a A.T.F. agent and not a defense attorney. I feel like he's in a collusion with the US Attorney, and that's probably why he's not cooperating with me. I've sent a letter to Fernando Gaitan 3 months ago regarding this situation, and have not had a response. I was under the impression that he was the one to consult this issue to. My advocate has finally gave me your info and said you was the one that can resolve my problem. Alex McAlley

Alex McCauley

is not the one that I want to represent me on this life changing situation. I don't think he's motivated or interested in defending me to the best of his ability by his previous actions. With all due respect can you help me with my problem so I can move on to the next steps of this litigious process. Thank you.

Sincerely  
Mylin D. Smith
