**ORDER**

Before the court is defendant's motion for a hearing on defendant's medical considerations, filed on June 3, 2011. Since that time, I have held several hearings, taken the testimony of defendant's doctor, and directed the United States Marshal to investigate defendant's claim of black mold in the facility. According to defendant's doctor, numerous tests have been run after each of defendant's complaints of symptoms; all have been normal. The United States Marshal forwarded pictures taken during its investigation of the facility and determined that there is not a black mold problem.

It is
