

Exhibit F

Dear Judge Gaitan,

My name is Arvelisha Woods and I'm writing you on behalf of my family and dear friend Delbert Roberson, who is currently incarcerated and is patiently awaiting sentencing on his upcoming hearing. Delbert has been a friend to me for the last seven years and not having him in my life for the last two have been really hard for me and my family. I met Delbert through my husband which happens to be his best friend, and we hit it off immediately and he made it very clear from day one that he was always available to me and my family and that I should never hesitate to call upon him if I needed anything and luckily for me I didn't have to call him cause he was always there. I opened my own salon (Salon Mattise) in September of 2009 and being new to entrepreneurship there were a lot of things that I didn't know but Delbert was right there with me hand in hand looking at possible locations, talking with landlords and just making sure that I succeeded in my dream of being a Salon owner and almost four years later I'm still doing business. I credit a lot of my success to the support that Delbert has shown me in my time of need. I feel like I owe it to Delbert and his family to help him be a thriving citizen in his community by providing him with all the resources and job opportunities that I come across on a day to day basis. As a business owner I am offering Delbert a position at my salon when he is released to make sure that he feels as if he is able to provide for his family. I know that Delbert will eventually find another position elsewhere but I want to make sure you know that I am here to help support him in any way possible, but in order to do that I need for you Judge Gaitan to show some compassion for Delbert on his sentencing so that he's able to be the man that I know he can be and has been to me.

Very Respectively,

Arvelisha Woods
