

Case # 10-00162-07-CR-W-FJG

My name is Calah Johnson, I'm struggling to let someone know that my attorney is not doing his job therefore I know nothing about what is going on with my case I have ~~to~~ tried to contact him 4 or 5 times but I can never get in touch with him, my wife has left messages but he has not returned and no motion's has been filed on my behalf, I know that by me writing this letter it will leave me in bad standing's with him, but this is my life that we are talking about here, I just need someone on my case that will help me fight for my rights!! I have seen him once that was in January, I have talked to him once and that was in February, I have wrote him but I have not got a letter back in return, I don't know what else to do this was my last resort, I really don't feel that he wants to be on this case, and if not I would like some one that wants to help me fight. My trial date is set for 8/01/11 so I really don't have much time left to prepare my defence, if someone could ~~and~~ assist me in this matter I would be very Greatful.
